# Common Questions:

What does the H before the course title mean?

- H stands for Honors
- Honors classes are more challenging
- Honors classes are weighted 0.5 higher for your GPA

For example, if you earn an A in an H class, you will have 4.5 factored in your GPA

# Common Questions:

**What does the AP before the course title mean?**

AP stands for Advanced Placement, these are much more rigorous classes and last a full year.

College credit is dependent upon score from exam taken at the end of the course

AP classes are weighted 1.0 higher for your GPA.

## Honor Cord

- Students must have a cumulative **GPA of 3.80** (weighted) through the end of winter trimester senior year.

- Students will meet the responsibilities for behavior as outlined in the Code of Conduct.
- 2 or more instances of academic dishonesty will terminate the opportunity to earn an honor cord.

## Valedictorian and Salutatorian

## WHAT IS ADVANCED COLLEGE CREDIT (ACC)?

OCHS Students have the opportunity to receive college credits for some of their high school courses through a dual credit program at Clackamas Community College called [Advanced College Credit](#). By the time these students graduate from high school they already have a head start on college credits at a cost far below regular college tuition prices, saving both time and money when they start their next steps after graduation.

Specific courses at OCHS offer ACC Credits. Please refer to the list of eligible courses on the CCC website.
